About Me

I am a Computer Science Engineering student with a specialization in Cyber Security at Galgotias University. I have hands-on experience with cybersecurity tools, basic scripting, web development, and content creation. I aim to contribute my skills in the field of network security, penetration testing, and secure application development.

Education

- Galgotias University
B.Tech in CSE with Specialization in Cyber Security – 2021–2025
CGPA: 7.0
- B.P.S Inter College
Intermediate (12th) – 2021
Score: 80.4%
- High School (10th) – 2019
Score: 75%

Skills

- Technical Skills:
HTML, CSS, Java (Basic), Python (Basic), SQL
Cyber Security Tools – Kali Linux, Wireshark, Nmap, Burp Suite
Networking – TCP/IP, OSI Model, VPN, DNS
Operating Systems – Linux (Kali), Windows
Developer Tools – VS Code, GitHub, Microsoft Office
Web – Web Application Security, OWASP Top 10 (Basics)
- Soft Skills:
Teamwork, Time Management, Self-learning, Communication

Projects

- Network Traffic Analyzer Tool
Built using Python and Scapy to monitor real-time packet data. Detected unusual network behavior and highlighted potential breaches.
Tools: Python, Scapy, Wireshark

- Air Canvas (Hand Gesture Drawing App)
Used OpenCV and MediaPipe libraries to create a virtual canvas that tracks hand movement and draws in real-time using a webcam.
- Arduino Push-Up Counter Web App
Developed an app to count push-ups using camera feed and OpenCV ML model.
Tools: JavaScript, Python, Flask, Arduino IDE
- E-Commerce Website
Created a front-end responsive e-commerce website with HTML, CSS, and JS.
Includes basic product listing, cart, and payment mock UI.

Certifications & Training

- Palo Alto Networks – Cybersecurity Fundamentals
- Cisco – Cybersecurity Essentials
- GeeksforGeeks – Mastering DSA with Project
- SkillUp (Simplilearn) – Machine Learning with Python
- Forage – AWS Solutions Architecture Job Simulation
- TryHackMe – (Complete Introduction to Cyber Security Path)
- Former Member – Cyber Cell, Galgotias University

Experience

Currently Seeking Internship or Entry-Level Cybersecurity Role

Self-practiced on TryHackMe & Hack The Box labs to strengthen knowledge in real-world scenarios.
